

Tiny Dancer Hair Bow

Materials Needed

Pink Tulle, you can use it by the roll or in circles, you will get nearly the same look, both are very nice.

Wire

Silk pink Korker ribbon, cut 8, 2- 3" pieces, you can also use 3/8" or 1/8" ribbon. Shown in 3/8" ribbon

Pink satin ribbon 2.25" wide, cut 10"

Cut and measure 3 pieces 9" long of pink tulle, lay the layers on top of each other and tie a knot, not tightly but tie a knot in the center, put aside.

Take your silk 2.25" ribbon and fold it over, make sure that you over lap leaving atleast 1/4" so that when you wire this it will not come apart.

Pink in the center and wire it, leave some wire hanging.

Take your tulle that you prepared and place it on top of your bow, thread your piece of wire to attach it to the bow.

Take your Korkers and place them on top of the tulle in the center of the bow and wire them onto the bow. Fluff them up and you are all done! :)

You can make some nice variations here by using tulle with sparkles or swiss dots on them!
