

# Toddler Bow Clippie

\*\*\*IMPORTANT - Please read Safety below before making this!!\*\*\*

You will need a small plastic toddler clippie so that it will be just the right size for your little one. Use these because they will grip onto your babies hair or what little they usually have about that age.

I've take a 1 1/2" grosgrain 2 1/2" piece of ribbon folded it over then places a 3/8", 2" ribbon on top that I also folded into a bow. Glue in onto your toddler clippie.

Add on a little flower, glue it THEN make sure you SEW it on the clippie! SINCE these are for toddlers it is best not to just glue things, we need to sew them on too in my honest opinion because we are making something not only for the babies to look pretty but also for them to be SAFE while wearing them! You know how they love to stick things in their mouth! We DON'T want any pieces falling off and them choking on it God forbid! So please even though some bow makers do not sew them on also, please for the safety of the baby just take a few minutes extra to make sure that they are safe! Their Mommies and Daddies will be thankful I am SURE!
